

Attention Please

There's a new exhibit at the Hardin Library, 3rd floor near the front door.

Title: Bonesetters in Europe in the 15th-17th Centuries

The exhibit includes information about the medieval bonesetters along with some medical giants who developed the techniques used by the bonesetters.

GALEN (ca. 130-ca. 200). *Operum omnium sectio prima*, 1541-1545.

AVICENNA (980-1037). *Liber canonis*, 1556.

HANS VON GERSDORFF (ca. 1455-1529). *Feldtbuch der Wundartzney*, 1530.

GUIDO GUIDI (1508-1569). *Chirurgia è Graeco in Latinum conversa*, 1544.

JOHANNES SCULTETUS (1595-1645). *Cheiroplotheke*, 1655.
